Welcome

Thank you for your interest in applying to the School for Social Entrepreneurs. We have put together some information below which we hope will help you understand the organisation and the role. For more information please visit www.the-sse.org.

About the School for Social Entrepreneurs

We can't fix issues like poverty, climate change and ill-health alone. That's why the School for Social Entrepreneurs exists. SSE helps 1,000 people a year develop the skills, strengths and networks they need to tackle society's biggest problems. It runs courses that equip people to start, scale and strengthen organisations that make a positive difference. But it is not a traditional school. Learning with SSE is inspiring, action-based and accessible. SSE supports people in others ways too, such as funding and mentoring. Lord Michael Young founded SSE as a charity in 1997, and it's grown to a network of schools across the UK, Canada and India. Together, SSE is changing lives and transforming communities.

SSE is currently delivering a UK-wide five-year learning programme in 12 UK locations with the support of Lloyds Banking Group and Big Lottery Fund, and a national learning programme for community businesses in partnership with Power to Change. SSE also has strategic partnerships with corporates such as PwC, Linklaters, RSA Group and others as well as funding partnerships with trusts and foundations including Lloyds Bank Foundation. We also generate earned income through selling places on our short courses and workshops.

SSE is a vibrant organisation; we work entrepreneurially and are committed to providing quality learning opportunities for social entrepreneurs, community businesses and social sector leaders. Working here is engaging, exciting and demanding. If you are someone who enjoys creating solutions and contributing your ideas, you'll enjoy how we work.

Ideally the post-holder will be London-based but a location anywhere within UK will be considered.
